

Erasmus+

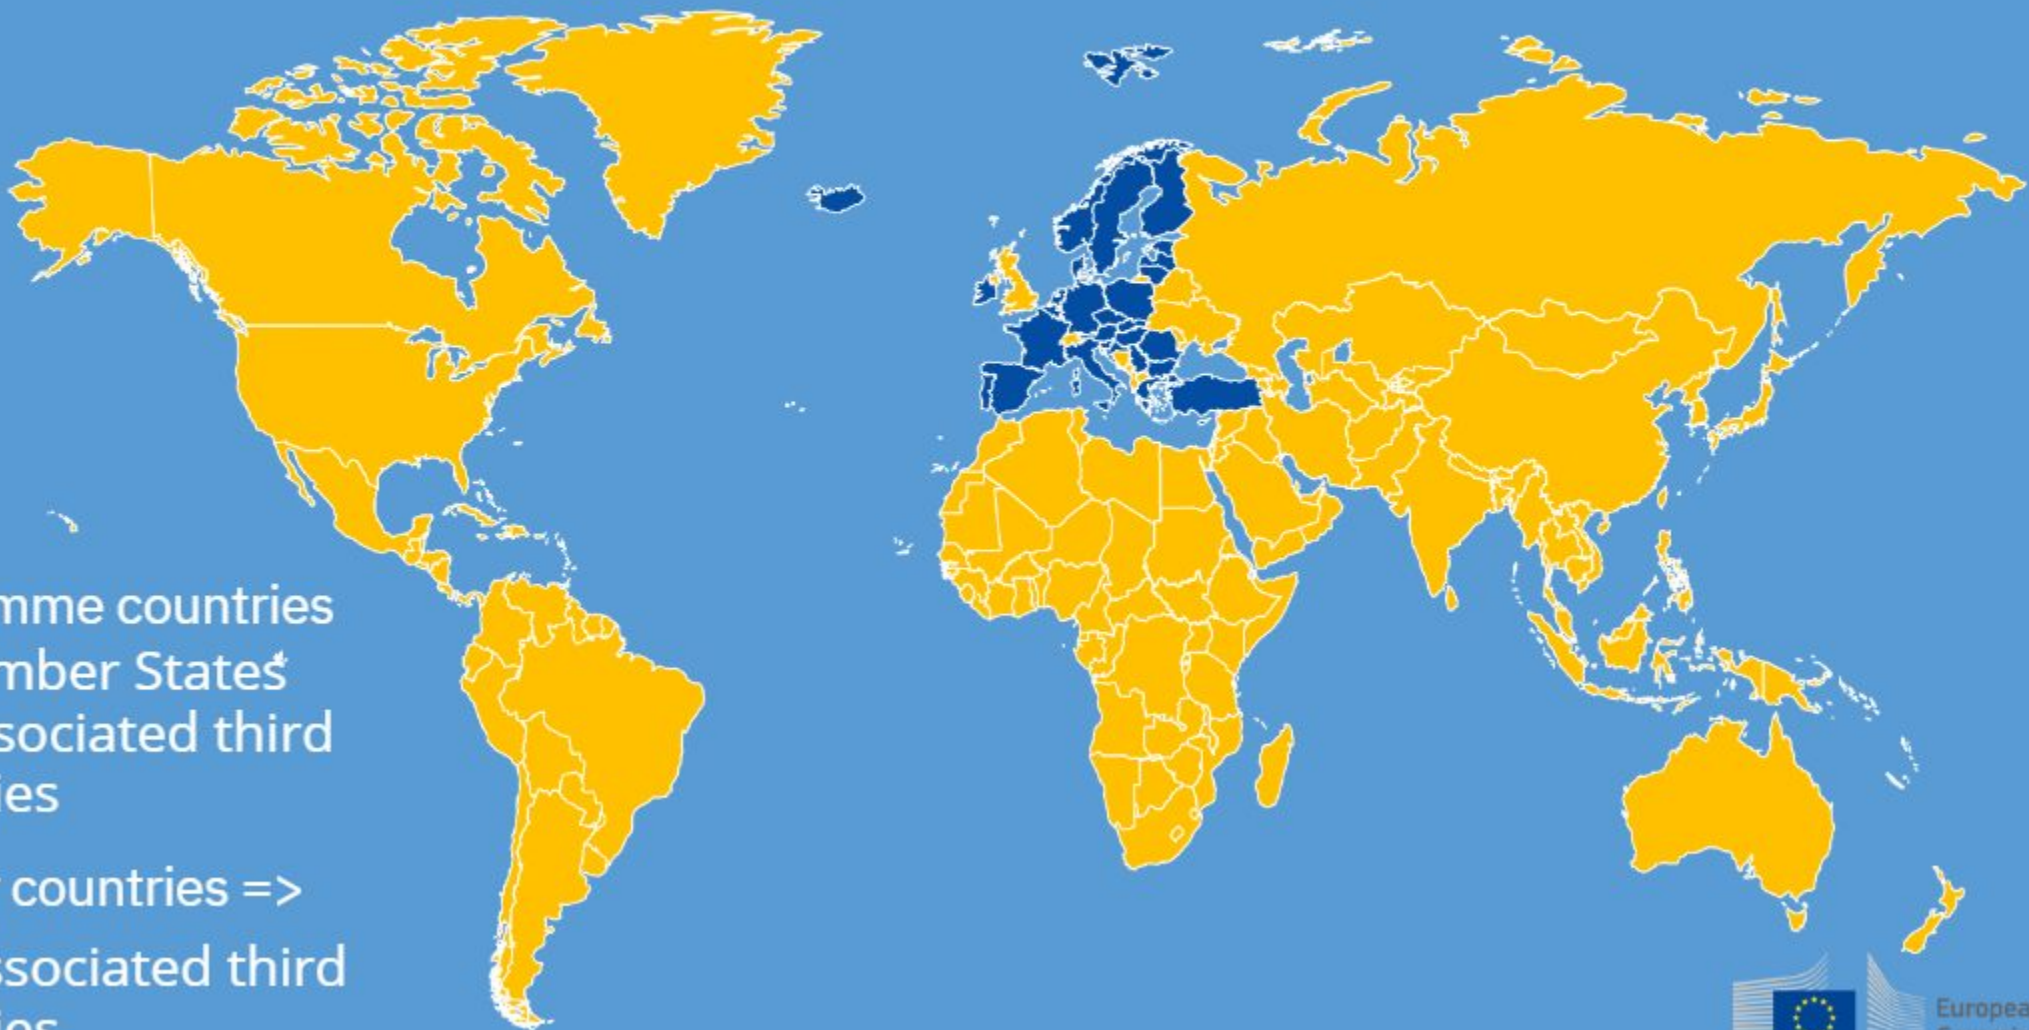

International credit mobility in the Erasmus+ programme 2021-2027

National Erasmus+ Office in Kyrgyzstan

Erasmus+

International dimension of Erasmus+ 2021-2027

● Programme countries
=> Member States
and associated third
countries

● Partner countries =>
Non-associated third
countries

What is ICM?

- **This Erasmus+ action funds short-term mobility of students and staff between Programme and Partner countries**
- **Manifold benefits for individuals and institutions:**
 - Key skills & competences, professional development, enhanced employability, teaching methods, etc.
 - Increased capacities, attractiveness & internationalization; improved quality of higher education

Erasmus+

How does it work?

- **Decentralised action:**
managed by the 34 Erasmus+ National Agencies based in the programme countries
- **Global action:**
world is divided into regions, which have different budgets allocated per year

Activities supported (I)

- Short-term higher education mobility for students, academic and administrative staff
- All levels: Bachelor, Master and PhD candidates
- Mobility in any subject or academic discipline
- Also supports traineeships for students and training for staff
- Study periods and traineeships of 2 – 12 months
- Blended mobility (physical mobility of 5 – 30 days + virtual component)

Erasmus+

Activities supported (II)

- All partners in an ICM project can send and host students and staff as described in their submitted project and provided that a relevant grant has been secured.
- For certain countries, Bachelor/Master student mobility is only possible from third countries to Europe – this means third country universities can send but not host.

Who can apply and how? (I)

- Higher Education Institutions in the Programme countries apply to their corresponding National Agency.
- The ICM project in their application contains the countries and partner universities they intend to cooperate with, as well as their cooperation plan in each region

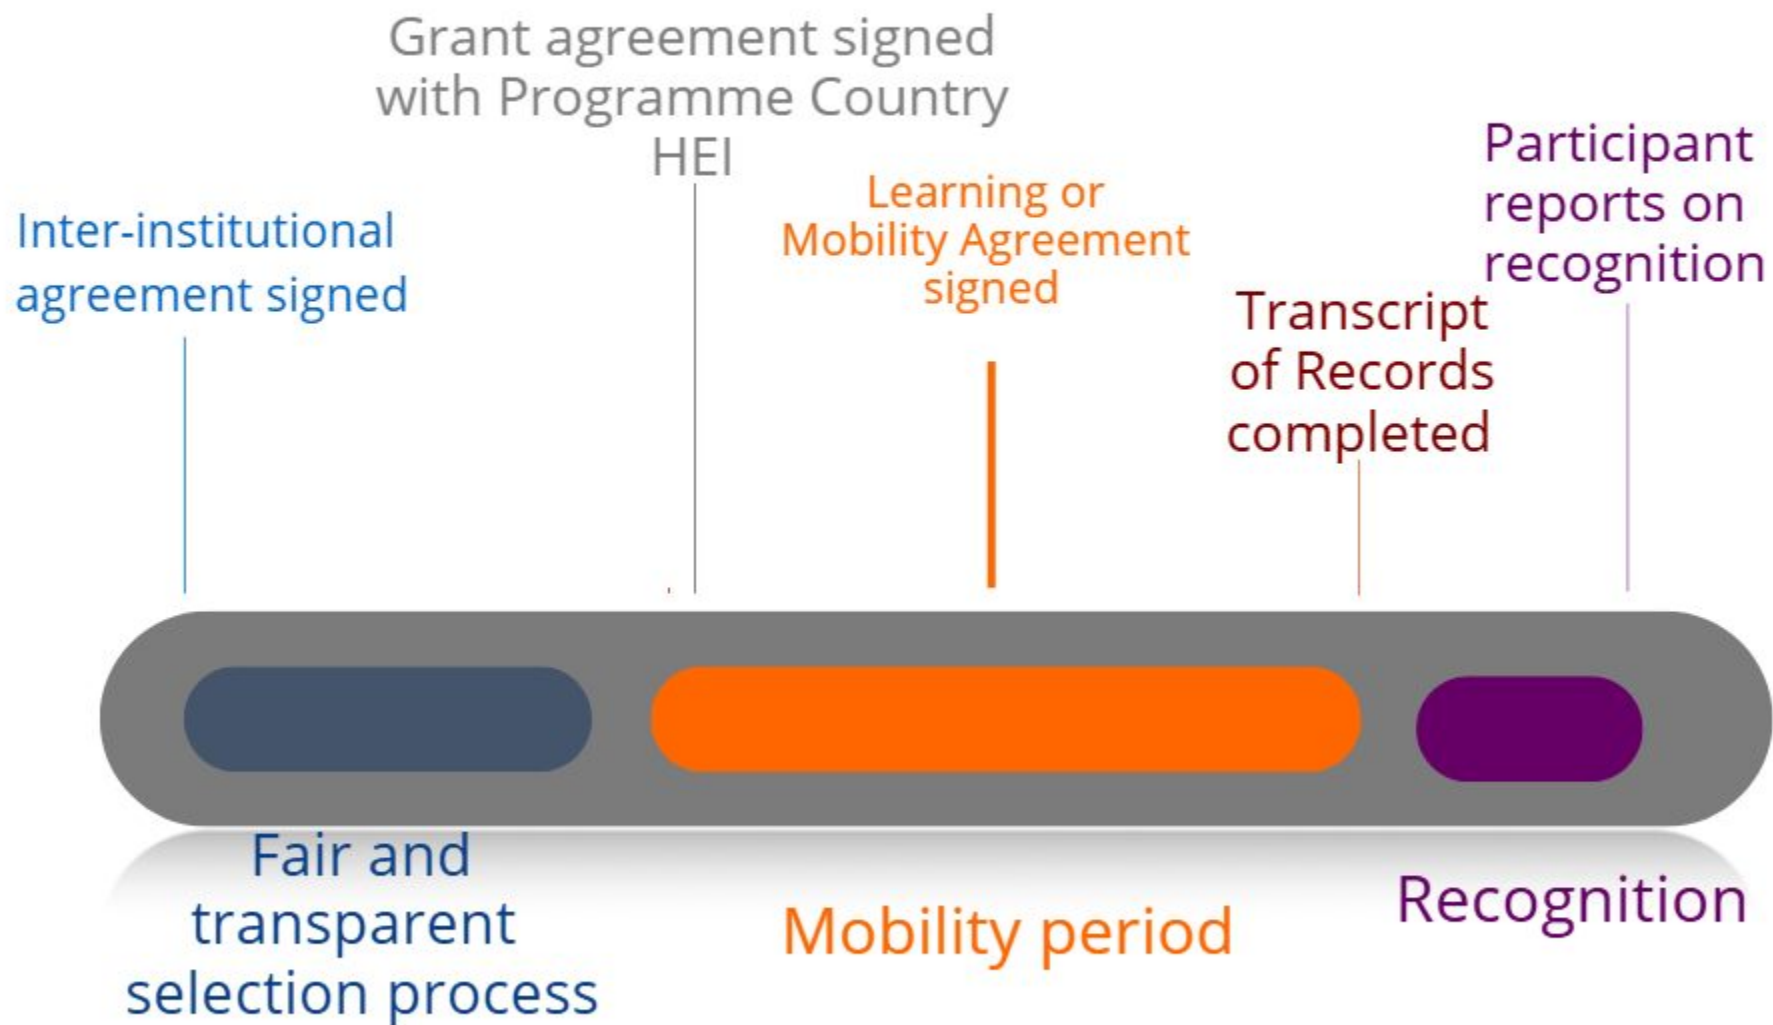

Who can apply and how? (II)

- Upon successfully passing the established quality criteria, the European beneficiary will be allocated an ICM grant spread in different regional envelopes, for a project duration of 24/36 months.
- For every partnership with a secured budget, an Inter-Institutional Agreement is needed between the main applicant in Europe and every partner university in third countries before mobilities can start.

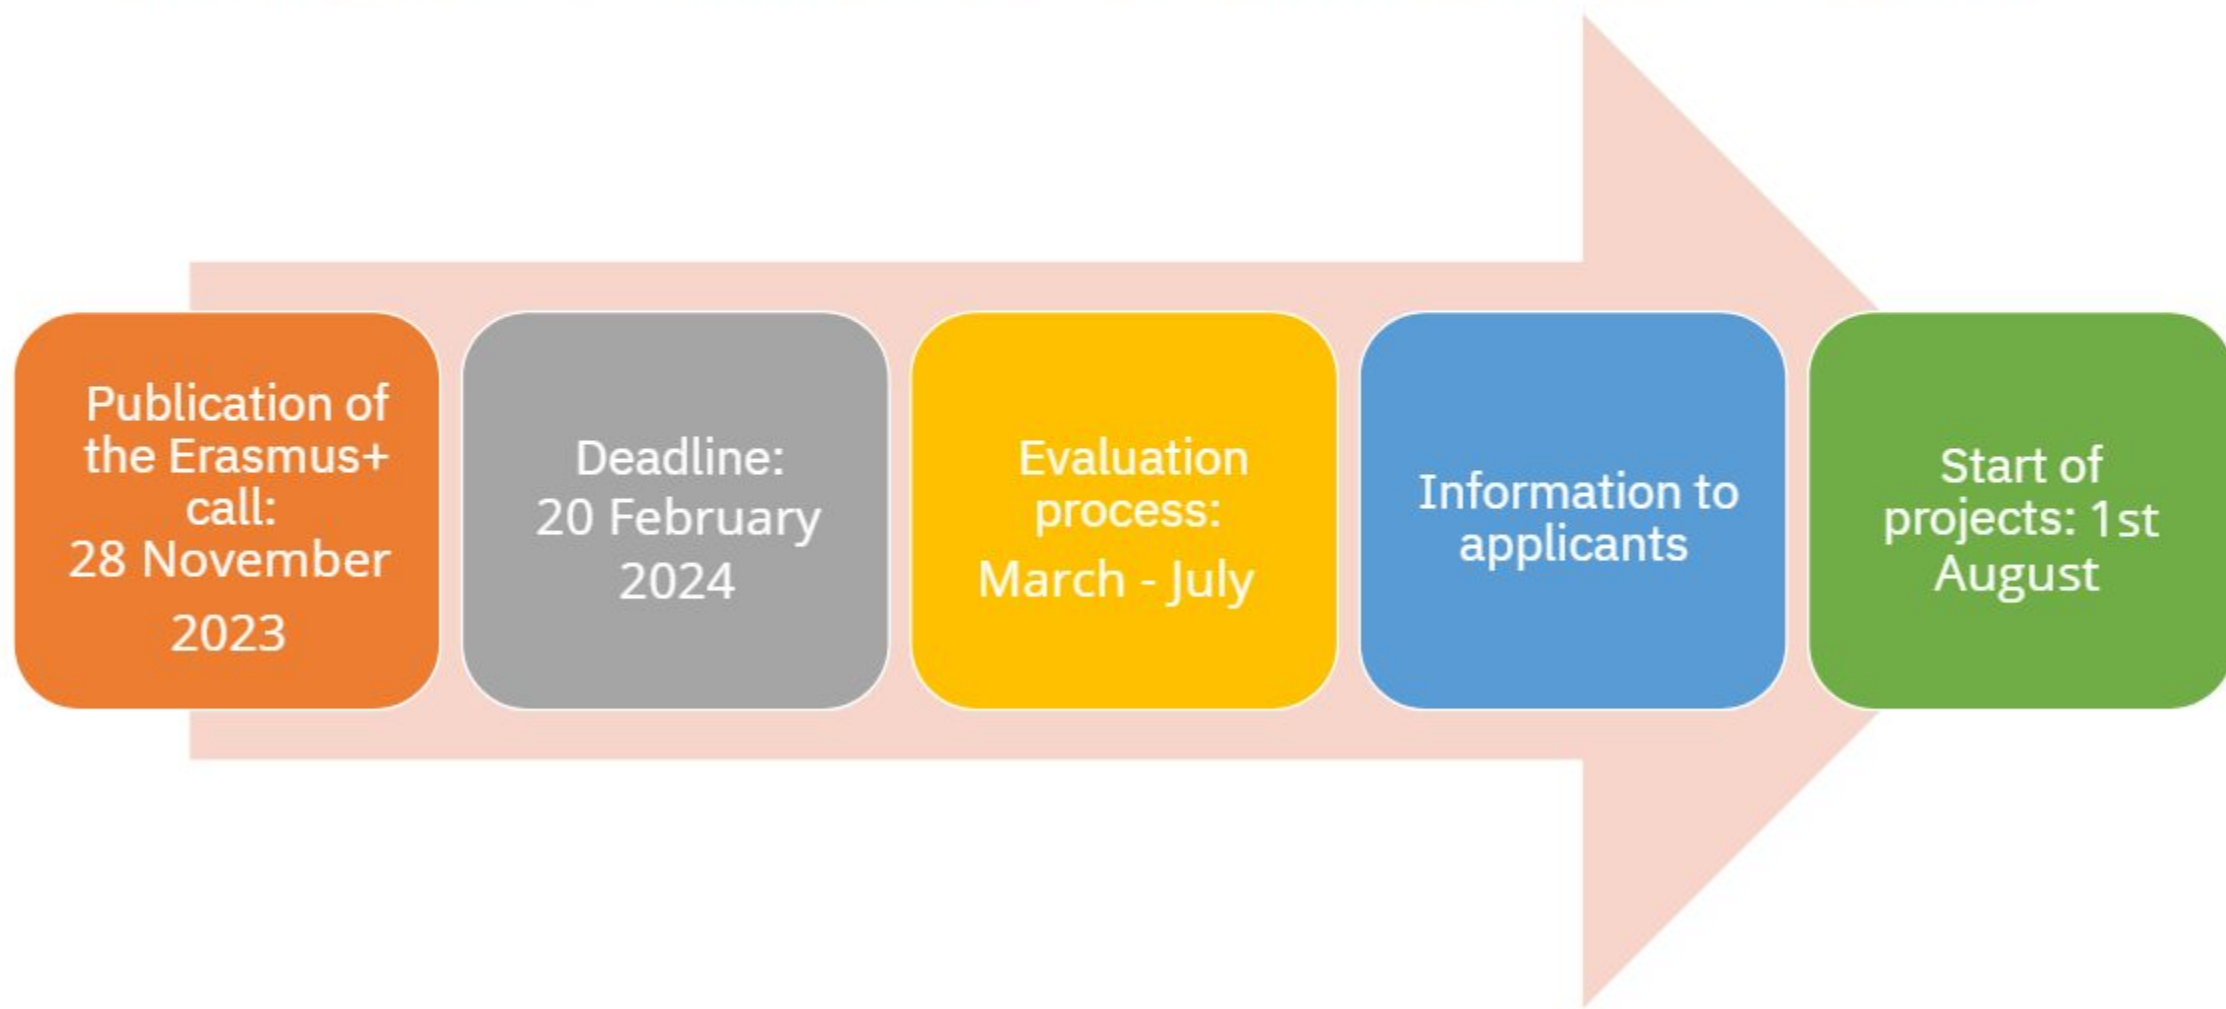

ICM project implementation
