

*Dear Sir or Madam,*

*Greetings from Selçuk University.,*

*I am a faculty member in the Nursing Department of the Selçuk University's Faculty of Health Sciences. I am also one of the member of Erasmus Division of my department.*

*I am writing this to inform you on our department's intention to establish mutual institutional relations and make a bilateral "Erasmus Exchange Agreement" with your department.*

*The agreement could cover training opportunities for staff members in addition to the student mobility program. I strongly believe that such an agreement would be highly beneficial for the students and staff of both parties.*

*Although we initially propose an agreement limited with our own department's field of study, namely Nursing we can easily expand the agreement's coverage to the neighboring fields in which other departments of our faculty specialize; Midwifery, Social Services, Health Management.*

*Our department has been educated since 1997. In our department Undergraduate, Master and Phd education are exist. We have already 610 students. Our faculty consist of 13 classrooms, 2 laboratories, 1 Seminar Room, Cafeteria, academic and administrative units and it is totally 4000 m2.*

*Furthermore, within other faculties of Selçuk University, there are many well-established departments (aprox. 90). They also are willing to review the prospect of similar agreements with your university's departments in their fields of study. Please do not hesitate to mention this to your colleagues in those departments. Dentistry, medicine, veterinary medicine, law, business administration, economics, international relations, social sciences, humanities, languages, history, science, engineering, architecture, tourism, arts and music are some of the fields that our university offers study programs in.*

*Based on 40 years of a firm institutional history, Selcuk University is among the largest and most popular universities of Turkey with 75,000 students and 3,000 faculty members in 21 faculties and 6 post-graduate schools.*

*Selçuk University is located in the city of KONYA, the largest city in Central Anatolian Region of Turkey and only 1.5 hours from the county's capital Ankara by train. Konya has a rich history of 3.000 years throughout several civilizations and an ever-growing current population of 1.2 million people. Being the capital of Seljukid Empire in the past and a large industrial, commercial and cultural center today, it offers everything one can expect in a modern metropolitan area while representing the indigenous, local culture and hospitality of Central Anatolia as well.*

*I hope this message would lead to the beginning of a new relationship towards a productive and delightful cooperation between our universities.*

*I am looking forward to hearing from you. Many thanks in advance for your attention.*

*Best Regards,*

# COURSES AND TRAININGS PROGRAMMES

## COURSES CURRICULA

### COURSE NAME: BIostatISTICS

Semester	Course Code	Theoretical / Practice time	ECTS
5	2002516	3 / 0	5

Week	Course Content
1	Basic concepts in Statistics
2	DeiveStatistics, FrequencyTables
3	Schemeandgraphics
4	PlaceMeasures
5	Measures of Central Tendency
6	ProbabilityDistributions(Binomial Distribution, Poisson Distribution and Normal Distribution)
7	Methods of Sampling, Introductiontohypotesistests
8	Midterm
9	One-samplehypotesistesting
10	Two-samplehypotesistesting
11	Morethantwo-samplehypotesistesting
12	Use SPSS software
13	Makingdeivestatistics in SPSS
14	Makinganalyticsstatistics in SPSS
15	SPSS Practice

### COURSE NAME: EPIDEMIOLOGY

Semester	Course Code	Theoretical / Practice time	ECTS
6	2002602	2 / 0	3

Week	Course Content
1	Definition of epidemiology, applicationarea of epidemiologicalmethods
2	Epidemiologicaldatasources, Historicaldevelopment of epidemiology
3	Speed, ratio, prevalance, incidenceconcepts
4	Epidemiologicalcriteria I
5	Epidemiologicalcriteria II
6	Types of epidemiologicalresearch
7	Deiveepidemiologicalresearch
8	Midterm
9	Analyticalresearch I
10	Analyticalresearch II
11	Analyticalresearch III
12	Experimentalresearch
13	Methodologicalstudies
14	Epidemiologicalresearchplanning I
15	Epidemiologicalresearchplanning II

**COURSE NAME: PUBLIC HEALTH NURSING**

Semester	Course Code	Theoretical / Practice time	ECTS
8	2002802	6 / 12	14
Week	Course Content		
1	Concepts in the practice of public health nursing		
2	Process of nursing care in the applications of public health		
3	Health care organization		
4	Recognizing society, utilization of social sources		
5	Health issue, prevention and development of health, policy and model of health		
6	Health education, communication and counseling		
7	Family nursing, home care		
8	Midterm exam week		
9	Important social diseases seen in society, communicable and chronic diseases		
10	Infant, Child and Adolescent Health		
11	Men's health, women's health, elder health		
12	Environmental health		
13	Mental health		
14	Occupational health		
15	School health nursing		

**COURSE NAME: RESEARCH METHODS**

Semester	Course Code	Theoretical / Practice time	ECTS
5	2002501	2 / 0	3
Week	Course Content		
1	Scientific approach, nursing research		
2	Nursing and scientific approach, nursing research		
3	Ethics in nursing research		
4	Types of research design		
5	Quantitative research design 1		
6	Quantitative research design 2		
7	Quantitative research design 3		
8	Midterm exam week		
9	Qualitative research design		
10	Sampling		
11	Sampling methods		
12	Statistical analyses for data		
13	Preparing of research report		
14	Assessment and using of nursing research		
15	Assessment		

**COURSE NAME: APPLIED RESEARCH-1**

Semester	Course Code	Theoretical / Practice time	ECTS
7	2002704	0 / 2	2
Week	Course Content		
1	Groups of studentstodetermine		
2	Literaturesearch		
3	Literaturesearch		
4	Researchtodeterminethetitle of		
5	Writingtheintroductiontothestudy		
6	ing a portion of theresearchmethod		
7	Decision-making on thetype of research		
8	Midterm		
9	Researchpopulationandsample on		
10	Determination of thedatacollectioninstruments		
11	Data collection		
12	Data collection		
13	Data collection		
14	SPSS dataentry		
15	SPSS dataentry		

**COURSE NAME: APPLIED RESEARCH-2**

Semester	Course Code	Theoretical / Practice time	ECTS
8	2002804	0 / 2	4
Week	Course Content		
1	Analysis of thedata		
2	Analysis of thedata		
3	Interpretation of thedata		
4	Writing of theresearchfindings		
5	Writing of theresearchfindings		
6	Discussion of theresearchpart of thewriting		
7	Discussion of theresearchpart of thewriting		
8	Midterm		
9	Discussion of theresearchpart of thewriting		
10	Resultssection of thestudy		
11	Resultssection of thestudy		
12	Writtensummary of theresearch		
13	Presentation of researchreports		
14	Presentation of researchreports		
15	Evaluation		

***There are courses given at Nursing department above.***

***Incoming students can choice courses from other faculties.***

***Given courses by other faculties:***

## TRAINING COURSES

### Semester 2

COURSE TITLE	ECTS
Fundamentals of Nursing	17

### Semester 3

COURSE TITLE	ECTS
Internal Medicine Nursing	13

### Semester 4

COURSE TITLE	ECTS
Surgical Nursing	15

### Semester 5

COURSE TITLE	ECTS
Obstetric and Women Disease Nursing	13

### Semester 6

COURSE TITLE	ECTS
Child Health and Diseases Nursing	15

### Semester 7

COURSE TITLE	ECTS
Mental Health and Psychiatric Nursing	14

### Semester 8

COURSE TITLE	ECTS
Public Health Nursing	14
