**Н.Исанов атындагы Кыргыз мамлекеттик курулуш,
транспорт жана архитектура университети**

**Advancing University Education in Biomedical Engineering
and Health Management in Kyrgyzstan**

Boronbaev Erkin
Kick-off Meeting, KSUCTA,
March 17, 2016

**Advancing University Education in Biomedical
Engineering and Health Management in Kyrgyzstan**

KSUCTA suggestions for implementation of KyrMedu:

- **Development of “Biomedical Engineering” Bachelor curriculum for KSUCTA/OSU
(Responsible/leading partner is KSUCTA);**
- **Development of Training courses for regional administration/medical staff (Responsible/leading partners are KSTU/OSU together with ISU/NSU/TaISU);**
- **Development of Health Management courses of the existing Bachelor curricula for 6 univ. (Responsible and leading partners are KSUCTA/KSTU/OSU/ISU/NSU/TaISU)**

**Advancing University Education in Biomedical
Engineering and Health Management in Kyrgyzstan**

KSUCTA suggestions for implementation of KyrMedu

- **Purchase of stationary and mobile equipment for KSMA
(Responsible/leading partner is KSMA with
support of KSUCTA);**
- **Management/improvement of using of existing equipment
(Responsible/leading partners are KSMA/OSU with
support of KSUCTA);**
- **Patients online diagnose between Bishkek and Osh (with
the possible extension for Karakol, Talas and Naryn)
(Responsible/leading partners are KSMA/OMU with
support of KSUCTA/KSTU/ISU/NSU/TaISU);**

The measuring mobile devices purchased KSUCTA through other TEMPUS projects

**Advancing University Education in Biomedical
Engineering and Health Management in Kyrgyzstan**

Thank you...
