ПЛАТФОРМА ОБУЧЕНИЯ

- Платформа обучения – это набор интерактивных онлайн сервисов, которые предоставляют учащимся доступ к информации, инструментам и ресурсам для поддержки обучения и управления через интернет.

- Платформы обучения обычно называют виртуальная учебная среда (ВУС), система управления обучением (СУО), или система управления учебным материалом (СУУМ).
- Эти термины взаимозаменяемы, и несмотря на различия, у них много общего.
