PROJECT DESCRIPTION:

Objectives

Silk Road to Europe project is aimed at establishing the foundations for the integration and internationalization of higher education via realization of activities on professional development of administrative and teaching staff of the university, development of innovative educational technologies as formation of a new educational paradigm and the modernization of higher education.

The aim of project is to create an international educational bridge for innovation in higher education and develop the language competence of staff and graduates, create conditions for mastering new knowledge, skills and improved abilities in intercultural communication and developing intellectual potential

Activities

Creation of language courses with emphasis on intercultural communication and entrepreneurship

- Creation of a consortium with European and domestic higher education institutions, organizations
- Agreeing of contracts
- Organization of academic mobility of administrative personnel, teachers and students
- Organization of internationalized seminars and trainings (on-line, webinar, m-Learning)
- Improvement of administrative structures and its activities (acquisition of improved modern technology) within the framework of the "project", administrative staff and teachers visit at least three states, get acquainted with the culture and traditions of the host country, and attend lectures and seminars relevant to their activities.
- Collection, processing and analysis of information on factors of the external and internal environment of the organization for making managerial decisions

Results

Creation of a consortium and within the framework of this consortium there will be realized academic mobilities with the participation of three states, which will ensure exchange of the best practices, on the basis of international agreements, and that will allow the open dialogue of national cultures.

Improving the quality of educational services in higher education and professional training of students.
