### PROJECT DESCRIPTION:

#### Objectives

Increase of abilities, skills, expertise of training staff. Improvement of internal capacity of the institution. In particular, enhancement of ability for international cooperation and cultural diversity. Obtaining modern practices of medical service provision. New skills in management of HEIs and strategic development.

#### Activities

Trainings of instructors in their fields. Working trips outside for engagement to best practices in EU, to increase networks and capacities in the field of internationalization of education. Mini-conferences and media coverage to report on achievements during the project. Working out potential possibilities to continue mobility agreements after termination of the project.

#### Results

New practices and skills to be obtained, processed, implemented in our HEI. Increase of instructors' qualifications and capacities of international and strategic development departments. Dissemination of information and report on successful practices of cooperation within the project with external partners. Increase of network of partners.
